

VICTIMS OF HORROR.

(Continued from First Page.)

About ten hours later, and was listed to run into Los Angeles that much behind. When the engineer saw the wreck, it was, of course, too late to stop. And then the accident came.

With a stenographer at his heels and a trio of other officials about him, the superintendent was on his feet all last night and all today at the wreck. Under his personal supervision the wreckers ate his way into the ugly pile until by darkness tonight this had nearly vanished.

ONE MORE BODY FOUND.

During the progress of this work the wrecking crew found the body of one more victim, an unidentified Italian. The corpse had lain in sight all night. In the flickering of trainmen's torches it was a hideous thing. It was directly beneath the middle of the Florence Roberts special sleeper.

One of the great trucks had smashed down upon the man, who evidently had been hurled through the window of a day coach. A wheel had settled down upon him, crushing out his life, and the corpse, half buried in the sand, was in a sitting posture, the arms sprawling out over the wheels and surface, clutching it with blackened fingers. They had to raise the entire car with jacks screws before they could get it out.

SWITCH CREW

FACES BLAME.

TESTIMONY AT INQUEST PUTS FAULT UPON THEM.

Yardmaster Says Failure to Guard Switch in Main Line Was Violation of Rules—Engineer of Overland Trained in Excessive Speed Limit—Alford Colton Yard Boundaries.

(BY DIRECT WIRE TO THE TIMES.)

COLTON, March 23.—[Exclusive Dispatch.] The coroner's jury which is conducting the investigation to fix the responsibility for the fearful wreck, is composed of R. J. Martin, Harry Hager, Joseph Anderson, C. Butler, C. B. Hamilton and W. C. Fuller, all of this city. Dist. Atty. Hugh Dickson assisted.

L. Alford, foreman of the switching crew that left the switch open, was the first witness to be called at the opening of the inquest today. He testified that the crew had been on the siding for twelve or fifteen minutes and that, had the incoming Overland been under control, the switch could have been reached in time by the switchmen. He emphasized the fact that the train was coming down at a grade that was exceedingly high rate of speed.

Grismenmay, switchman of Alford's crew, was the next to testify. His testimony was that the only order he received was the dispatch saying No. 9 would run eight hours late. That would have brought the train into the yards at 1:45 o'clock.

NO ONE AT SWITCH.

He was on top of the rear car when Alford ordered him to the switch. He testified that the engineer of the Overland was still working when the train struck the switch. He also said that the book of rules provided for another man who should be stationed at the switch.

The testimony of W. K. Davis, brakeman of the switching crew, went to show that, had the emergency brake been used on the fatal train, the shock would have been far less than it was and that the worst features of the disaster would have been prevented.

The testimony of the engineer of the switching crew was practically the same as Grismenmay's.

J. Morrison, freeman of the switching crew, testified that he was 200 feet from the switch when he first noticed the approaching train. His testimony corroborated that of the others of the crew.

W. J. McIntyre, general yardmaster, testified that he had been in charge of the Colton yards for two years. He claimed that switches should be closed when a train is due and that all trains are due until they arrive. Also that a train should be under full control as it approaches the switch.

Engineer Warrington was exceeding the speed limit, which is fifteen miles an hour in the yards, while the Overland was going sixty miles an hour.

FOREMAN ALFORD'S BLUNDER.

McIntyre said that Alford should have found out what had become of No. 9. He frankly stated that he considered Alford responsible for the fact that he should have closed the switch or left a man in charge.

He testified that he only gives information concerning the arrival of trains when he happens to see the switching crew under his jurisdiction. The second dispatch, announcing that No. 9 was nine hours and forty-five minutes late, was received between 11 and 12 o'clock. McIntyre said he did not see Alford after arrival of this dispatch; also that Alford was not aware of this change.

He stated positively that every switching crew must know every train that comes in by watching the bulletin; that the yardmaster must be looked to only for working orders.

Engineer Warrington and the freeman of the Overland, being too badly injured to be present, their testimony would have to be taken. The jury adjourned until 7 o'clock Saturday evening. Meantime, the coroner will go to Los Angeles to get Warrington's statement tomorrow.

TOUGH WRECK TO CLEAR.

It took a monster of steel and steam, a clanking, slow-moving thing which smoothly lifted entire passenger coaches and gently laid them to one side, thirty-six hours to remove the ugly, rented carcass of the Overland train from beside the tracks.

The wrecker toiled through a night and a day before the grim heap had begun to vanish. Helping it, men swarmed like ants over the shattered cars.

The workers toiled silently with saws and axes, and they brought to light many pitiful things. One of these was a twisted and mangled corpse. Another was a woman's shawl, blood-stained. There were oranges, boxes of candy open and their contents half gone, and the hundred odds and ends which one sees in a crowded passenger car.

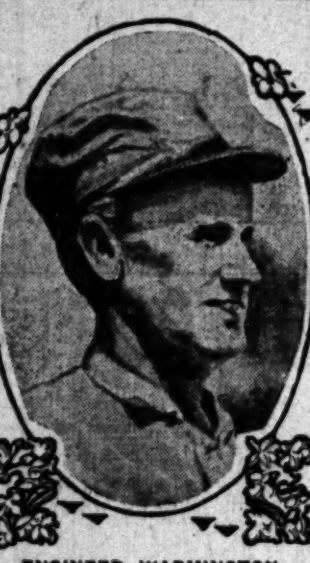

The workmen found these things in the grime and dust of the wreck, beneath masses of twisted iron, or half buried in the sand.

TOIL THROUGH THE NIGHT.

The work began at 9 o'clock the night of the wreck. It went on through the darkness, Great flaring torches helped to give light.

Off to the right of the track was a bonfire made of wreckage. About it gathered three men, resting by spells from their work. The night wore on, and the eastern sky whitened. When dawn came clear and clear the mound of wreckage had begun to melt away.

From all San Bernardino and Riverside counties and from as far as Los Angeles came automobiles. Street

MORE BODIES IN WRECKAGE?

The workers have reached a common center from the top of which were taken the heaps of mangled Italian immigrants. The latter had been poured like grain out of a hopper from their coaches and to the same point where they were thrown from their cars and tourist sleepers may have been hurled.

The baggage car was lifted from its perch on top of the engine this afternoon. Much of the debris is already removed, clearing the way for the wrecking derrick.

Several persons who were slightly injured were able to be out today and many who attempted to cross the street. Many of those in the hospital are still hovering between life and death.

Much indignation has been expressed toward the owner of the grain field adjoining the track where the wreck occurred. It was only through this field that the ambulances could reach the scene. The tramping down of the grain by teams and rescuers angered him to such an extent that he closed the gates, threatening to shoot those who attempted to cross the field. This was the only instance in which other than deepest sympathy and helpfulness was shown.

DEEP PATHOS HERE.

One of the saddest cases at the hospital was that of two little Italian lads, whose mother was the only woman killed outright. These children, now about ten years of age, respectively, and are terribly injured. They constantly call for their mother.

Filberti Patale, another immigrant, is expected to die at any time. He was killed by a train which was as an injured spina. Nothing can be done to relieve his agony and his screams are heartrending.

George L. Sharp of Muncie, Ind., who was killed, got what may have been his last wish. He wanted to see his wife, who is in Los Angeles. But he did not know that she had obtained a divorce from him and had been remarried. The pair had been separated for some time, and Sharp had not heard from the woman. He was in line with the legal separation, and then she found another man for whom she cared.

TRAGEDY OF WALTERS.

H. F. Walters of San Jose died early this morning in the Colton hospital. His marriage had taken place only a month ago, and his last words were to his wife, "I love you."

Walters was an engineer, and he was traveling on a passenger train when he was killed. He was carrying a message to his wife.

One arm was torn from its socket. His left eye was entirely gouged out, and he suffered internal injuries. He was a devoted husband and father.

His death was a great loss to his family. He was a well-known engineer in his community.

SAFEGUARDING ITALIANS.

Byron Walters of San Bernardino has been retained by Italian societies to look after the interests of the dead and injured immigrants of the wreck. His work was accomplished through the Italian Consul in Los Angeles.

A photographer, under instruction from the Consul, took pictures of the victims of this nationality to insure identification.

The scene of the wreck is known as one of the places where fast time is always made, though it is within the limits. It is at the foot of a steep grade and below one, a train leads from San Antonio Pass. An up grade begins into Colton station. As a consequence, the train always runs fast in this particular place.

Members of Florence Roberts Company Tell of Work of Fiends Who Tore Rings from Fingers and Filched Money from the Clothing of Corpses in Demolished Cars.

(BY DIRECT WIRE TO THE TIMES.)

LOS ANGELES, March 23.—[Exclusive Dispatch.] Startling tales of looting at the Colton wreck were told by members of the Florence Roberts Company, which arrived here today and gave a performance tonight. Miss Roberts was completely unstrung after her horrible experience.

"Looters were on hand early after the rescue work was started," said J. E. Mayer, the electrician of the theatrical company. "They have tried to blame the looting on the Italians in the colonist cars, and upon Mexicans, but they were not foreigners who were robbing the dead and dying. They were Americans; they had their coats off, and they were the ones who should have been engaged in helping the injured passengers."

PITH OF NEWS FROM THE MIDDLE WEST.

CHICAGO, March 23.—[Exclusive Dispatch.] A West wind blowing forty-eight miles made short work of the rain clouds early today and a decidedly high barometer with falling temperatures in the Northwest will prevent the invasion of "tramp" showers to mar Easter Sunday. The humidity was high recording between 90 and 94 per cent. for the day. The temperature range was between 40 and 66 deg. Middle West temperatures:

Mayer was severely shaken up and bruised, but was able to do a little work.

Manager E. V. Giron of the Florence Roberts Company, substantiated John Mayer's story. He said he saw looters trying to break open trunks in the baggage cars. Giron was badly shaken up, and feels that the jolting he received. His arms are both bruised.

Ruth Allen, was, perhaps, the most seriously injured member of the company. Her right knee is badly wrenched.

John Mayer, the property man, was cut on the head, his right eye was bruised and he was cut elsewhere.

INTERSTATE COMMISSION TO HAVE THE DETAILS.

Agents in Charge of Safety Appliance Department met at the Southern Pacific wreck at Colton, and discussed the details of the disaster. They were in Los Angeles for the purpose of entering the hospital on account of illness. He was in one of the day coaches when the collision occurred, and was unconscious when taken from the wreckage. He never recovered consciousness. The body was taken to Bessie Brothers' undertaking rooms.

All of the other fourteen injured wreck victims at the "Sisters" hospital were reported resting easily last night, and improving as much as could be expected.

The most seriously injured is Engineer Clarence H. Warrington, whose right shoulder is broken, and who suffered from a concussion of the brain. He stated at the hospital last night that he is not believed to be dangerously injured, and there is no fear of his death.

Four more wreck victims were taken to the Sisters' Hospital last night, having come in from Colton on the evening train. Two of these are Italians, who were taken on stretchers from the train and placed in the ambulance. It is believed one of them has a fractured skull. Neither can speak English, and their names could not be ascertained.

The other two injured are Mr. and Mrs. Frank Toombs. They are from Torrance, Calif., and got on the ill-fated train at Bisbee. Toombs is a machinist, and his worst injury is a crushed right foot. His wife is badly bruised, and was splitting blood last night, showing that she is internally injured.

PORTLAND, Ore., March 23.—[Exclusive Dispatch.] M. J. Snell, a California timber man, came to the rescue of the terrified residents of Oakland, Or., tonight and disarmed Bob Tapp, ex-convict terror of the town, who was shooting up the town.

The Town Marshal was powerless and a deputy also proved unable to handle Tapp, who was running amuck with a gun and a long knife. He declared his intention of killing the town marshal.

After every one else failed to subdue Tapp, Snell took command and in a few minutes the bad man was disarmed.

He was barefooted and his feet and hands were badly frozen. He was brought to Castella on horseback last evening. He will recover though he has lost both feet and one hand, according to the physician who gave him aid.

Rich left the Boulder mine, which is located at a 6000-foot elevation and seven miles west of Castella, last Saturday morning in a heavy snowstorm on snowshoes.

After he had gone two miles he lost his snowshoes and broke the other. He decided to push on three miles farther to Pease Patch, where snowshoes are ordinarily kept in reserve. He never reached Pease Patch. He had to leave his rubber boots because they were filled with snow which changed to ice.

For three days it stormed upon him. He did not have even an overcoat. He was wet and he could not build a fire and he had nothing to eat. He walked less than three miles, and when he was rescued yesterday he was dazedly crawling on his hands and knees. Rich was brought to Redondo the train this evening and will be taken to the County Hospital. He is aged 35 and weighs about 180 pounds. He is at a gritty disposition and says he will come out all right, an opinion shared by his friends and the physician.

RAINS HURT FRUIT.

(BY THE ASSOCIATED PRESS—P.M.)

SAN FRANCISCO, March 23.—The Bulletin Bulletin of Progress for March, which will be issued by the California Promotion Committee Saturday, will say that considerable damage has been done to fruits in many districts by the heavy rain. It is estimated that the apricot crop is a total failure, while prunes will lose 40 per cent. loss in the Santa Valley. Peaches will be a light crop. So far as ascertained other crops will be above normal in their output.

The arrival of settlers during the previous records for similar periods, is estimated that fully 50,000 persons on the colonist rates this spring. These people are engaged in the agricultural districts, largely, although some are in the various trades and professions.

Building operations in San Francisco have been delayed by the heavy rains, but with the heavy rains, there has been some increase in activity. Some greatly increased

President Issues Formal Order for Election.

Commission Is Enjoined to Publish Call.

All Christian Parts of Islands Are Peaceful.

(BY THE ASSOCIATED PRESS—A.M.)
WASHINGTON, March 29.—The President last evening signed the executive order requiring the Philippine Commission to issue the call required by law for a general election of delegates to the Philippine Assembly. The order recites the fact that peace has been practically restored to all of the Christian sections of the islands. Although no date for the election is named, the Philippine Commission has already fixed on July 30 next as the date.

The executive order is authorized by an act by Congress which stipulates that whenever the President shall be satisfied that conditions of general and complete peace have been established, which fact shall be certified to the President by the Philippine Commission, he shall direct that a census of the population be taken. Two years after the completion of this census the President is to issue the election order, which is to apply to all the territory of the islands not inhabited by Moslems or non-Christian tribes.

The election is to be for the choice of delegates to a popular body to be known as the Philippine Assembly. When chosen and organized, the Assembly is to be vested with all the executive powers now held and exercised by the Philippine Commission, except such as are related to the Mayor and other non-Christian tribes. The upper house of the newly formed Legislature will be composed entirely of the Philippine Commission. The President says in the order that he received the certification of peace September 11, 1935, and the days later ordered the census taken.

The complete returns were reported March 28, 1936. The President's proclamation bears the date of March 28, 1937, thus complying specifically with the law.

United States Government Provides for Only Twenty-seven Companies in Coast Defense, but Suggests Method to Include Others at Expense of California.

(BY THE ASSOCIATED PRESS—A.M.)
WASHINGTON, March 29.—So far as the attendance of State militia in the joint encampment this summer is concerned, Gen. Murray, chief of artillery, is now assured by the responses received from the Governors and adjutant-generals of the States that this novel project is sure to be a great success.

The Governor of California has just notified the War Department of the acceptance of the invitation to the joint drills and has asked that provision be made for the participation of all the fifty-two militia companies in the State. The War Department has proposed to entertain only twenty-seven companies at the outside, to be disposed of as follows: Six at Fort Rosecrans, six at Fort Miles, eighteen at Fort Winfield Scott, and seven at Fort Baker.

Gen. Murray wrote to the Governor of California, proposing that the twenty-five additional companies be equipped by the State at its own expense in the neighborhood of the three post camps where they will receive an opportunity to take part in the joint movements of the regular army and the militia.

JAPS IN HAWAIIAN SCHOOLS.
CARTER WANTS THEM EDUCATED.

(BY THE ASSOCIATED PRESS—A.M.)
WASHINGTON, March 29.—In his annual report to the Secretary of the Interior, C. R. Carter, Governor of Hawaii, calls attention to a marked falling off in the attendance of Hawaiian and American children at the public schools and a corresponding increase of Japanese, but he does not hold the latter circumstances responsible for the former.

Speaking of the Japanese, he says: "There is nothing to deplore in the increase in Japanese children. The Japanese are probably in large proportion to remain. Their natural increase has been very great, and as eight years have elapsed since annexation, a large number of the Japanese children now crowding into our schools have been born under the American flag. When these reach maturity they will have the right of obtaining American citizenship. It is, therefore, important that they should have full opportunity of becoming equipped with the knowledge and habits of thought requisite to good American citizenship."

The Mayor refused himself to all newspapermen, sending out word that he would not submit to an interview.

According to Ruef's guards, the indicted boss said of Schmitt, when shown the concealed chest: "What a fool he was to leave it there when he moved out!"

Asked today what he knew about this secret chest, Ruef replied sarcastically: "Oh, that's where Schmitt kept his Cremona when he was leader of the Columbia Theater Orchestra."

APPOINTMENT COMMISSIONARY OFFICER.
(BY THE ASSOCIATED PRESS—A.M.)
OMAHA, March 29.—Capt. Hacker of the sustenance department, U.S.A., connected with the Department of Missouri, at Omaha, has been notified by telegram that he has been appointed purchasing agent of the Red Cross Society for the Chinese famine work. The same telegram authorized Capt. Hacker to purchase \$75,000 pounds of corn meal for immediate shipment to China.

Capt. Hacker accepted the appointment and has asked bids from a number of Nebraska mills for a portion of the meal desired. The funds for the work were raised by subscription by Dr. Klopsch of the Christian Herald.

Telegraphic Correspondence Between Mexico and Uncle Sam Relative to Central America.

(BY THE ASSOCIATED PRESS—T.M.)
WASHINGTON, March 29.—Active telegraphic correspondence has been kept between the Washington officials and the diplomatic representatives in Central America and Mexico for the past forty-eight hours, relative to the Central American imbroglio, but because decisive results have not yet been reached and information to make a clear statement of the situation remains to be supplied, no statement for publication, giving the details of the negotiations could be obtained.

Capt. Fulam, commander of the garrison at Puerto Cortes, reported by cable from Puerto Cortes that everything was quiet on the north coast of Honduras, and that the garrison was on alert. He reported by mail, telling what he had done under his instructions to protect American interests and incidentally to mitigate the severities of warfare as far as he could without violating the rules of neutrality.

The news that Costa Rica had recognized the provisional government of Honduras lacked official confirmation late tonight, and was accepted with reserve.

At least sixty days will be required for the election of a President by the people of Honduras, and the establishment of a government on such a basis that it can command the general recognition of the world powers.

Big Fence Must Go.
WASHINGTON, March 29.—In response to a telegram from Gov. MANY KILLED IN EXPLOSION.
JOHANNESBURG (T.M.)
March 29.—Four white men and fifty natives were instantly killed and three and sixteen natives injured by the unexpected explosion last night of two cases of dynamite at the Dreyfont mine. One of the white men killed was an American, William W. Harvey. A native tampered with the dynamite.

TO RENOMINATE PRESIDENT.
NASHVILLE (Tenn.) March 29.—The Republican members of the Tennessee Legislature in caucus tonight adopted an appeal to Republicans throughout the nation to renominate Theodore Roosevelt for another term as President. These resolutions declare a renomination of the President will not be for a third term, but for his second term, which is but a just recognition of duty well performed.

JUST PICKED UP EASY MONEY.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, March 29.—[Exclusive Dispatch.] "The present Board of Supervisors has no intention of resigning at the present time. There is no chance for us to resign. Most of us would like to do so, but there is a big stick held over our heads. The grand jury will not permit us to resign. We are willing, and a request has been made for us to do so by Mayor Schmitt. We have only done what other boards have done before us—have picked up a little easy money at various times." Statement of Supervisor Kelly.

VAST LOOT TRACED.

(Continued from First Page.)

the rule adopted by Ruef, Schmitt and the hoodling Supervisors. This rule, according to testimony brought out before the grand jury yesterday by Langdon and Heney, was adhered to in every municipal hold-up. Eddie Gray, Ruef's chauffeur, carried the eight trust's sack of \$20,000 to Ruef's office before the Supervisors gave their official sanction to the hold-up of houses. The House grapevine "company's" \$200,000, like the \$200,000 in Ruef's possession before the franchise was granted to that corporation, April 22.

The \$250,000 that the United Railroads contributed for the overhead-trolley franchise voted by the Supervisors was also, according to the prosecution, in Ruef's keeping before the grant was made.

Langdon and Heney said last night that yesterday's testimony before the grand jury was remarkable for this fact: They would go into particulars on the evidence given by the witnesses, but they said that it showed that Ruef was as distrustful of the big corporation men from whom he accepted bribes as he was of the men with whom he divided the booty.

"Ruef refused credit in all of his deals with the corporations," declares Heney.

The bribes accepted were in his possession months before the votes of the Supervisors clinched his promises. He was always paid before he allowed them to be traced to him.

MAY CONCLUDE TODAY.
No meeting of the grand jury being held today, a pause was given in the bribery-graft investigations so far as official action was concerned.

Tomorrow the grand jury expects to conclude, at least temporarily, its investigations into the alleged bribery of the Supervisors by the Pacific States and Home Telephone companies, and, according to the prosecution, seventeen have already confessed before the inquisitorial body. It is the understanding that no more indictments will be returned this week.

On Monday the grand jury expects to resume its investigation of the alleged bribery of Supervisors in the granting of trolley franchises to the United Railroads, and the trial of Abraham Ruef on the French restaurant, extortion cases is scheduled for resumption Tuesday. Should Asst. Dist. Atty. Heney desire to go ahead with bribery investigations instead of with the trial of Ruef, the latter may be again postponed.

EARL AND HAYNES IN IT.
E. Tobias Earl and Dr. John R. Haynes have been subpoenaed from Los Angeles by the prosecuting attorney to appear before the grand jury and tell what they know about the alleged bribery in connection with the Home Telephone Company franchise.

Attorney Heney states that he has information that Haynes and Earl, who are the most prominent stockholders in the company, were constant in all the transactions and he expects they will be valuable witnesses. They are expected to testify today.

Word has been received from Sheriff Hammett of Los Angeles that he served a summons on the two men yesterday that they started last evening for San Francisco. Dist. Atty. Langdon says he is told that these two millionaires were in the thick of the deal.

HE WOULD OUST 'EM.
Although the Supervisors have confessed to the receipt of bribes from the corrupt agents of franchise-granting corporations, they have secured immunity from further approaches, and this time the agent is no less a person than the Mayor himself.

Not content with allowing his fellow-grafters an opportunity of "squearing" themselves with the public, if such a thing is possible, the Mayor is seeking in every way to secure the resignations of several Supervisors as a place for corporation appointees in vacant places. Franchising has now been granted, and the harm done by the Mayor desires to have: sufficient inspectors with the board to prevent any revelation of the grafting which might be granted to the local public service corporations.

GRAFTERS' LATEST GAME.
The Mayor's object is not to create legislation, but to prevent it. The indicted official believes that he can count on one of the two new members of the board to support him in every move.

Proceeding on this line, he intends, if possible, to fill the board with other new members who will be instructed by him to vote against the majority of the board in any and every matter under the prosecution's control and therefore amenable to corporate vice pulling.

CLAIMS LANGDON AS CHUM.
A good many men who have been drawing fat salaries, alongside of Myrtle Cret and Alexander O'Grady, have done so upon appointments equally as useless and of equally doubtful validity, and the word has been given that they, too, must go.

Langdon explained that his call at the Supervisor's stronghold was really a matter of no consequence. Gallagher, when questioned as to the reason for the lodging and boarding of his wife and Langdon, could see nothing peculiar in the situation. He said: "Why, Langdon and I have been long political chums. We were almost boyhood friends together, and you know that even in the last campaign we were of the same party and we were never far apart but the kindest feelings for Mr. Langdon, and I am sure he reciprocates the sentiment."

LANDLORD WANTS RUEF OUT.
EJECTMENT SUIT THREATENED.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, March 29.—Suit in the courts is threatened as a result of the removal of Abe Ruef from his office chamber in the St. Francis Hotel to No. 2849 Fillmore street, the second floor of which and a ground floor room have been rented by Elisor Biggy for the lodging and boarding of his prisoner, himself and his seven guards. The house, which was until a year ago the residence of Mayor Schmitt was sold to Mr. and Mrs. Augustus F. Lawton. They leased it to F. A. Reis, to be used as a boarding and rooming house.

The Lawtons object vehemently to the quartering of Ruef and his guards

there, and today attorneys for the Lawtons, formally notified Reis that he and his prisoners and the seven armed guards are merely roomers and boarders, and he has received assurance from the District Attorney's office that he may be placed on the premises, but he is not to be allowed to shake hands with Ruef, and they occupy the third floor.

With one of the new men already upon the board supporting Schmitt and the place of four "weak Supervisors" taken by dummy appointees, it would be a simple matter for the public service trust to defeat all attempts to deprive them of franchises and would also aid the Mayor in defeating other legislation that might tend to the city's welfare.

DAM FEE MUST BE REFUNDED.
GRAND JURY WILL REQUEST RETURN OF MONEY.

San Francisco City Treasurer Will Not Be Made Scapegoat, However, Funds Withheld Under Unconstitutional State Law, Is Claim—Collections Date Back a Year.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, March 29.—[Exclusive Dispatch.] Before the week-end City Treasurer Charles A. Bantel will be summarily requested by the grand jury to refund to the city a sum approximating \$500 that he has withheld erroneously and that has presumably been paid to his official attorney, Cleveland L. Dam, as fees for work which L. Dam did not perform. There is, however, no desire on the part of the grand jury to make Bantel a scapegoat, and he will be given full opportunity to return the amount which, according to the grand jury's investigation, Bantel has been withholding under an unconstitutional State law.

The money which Bantel has withheld is shown to have been paid to Attorney Dam, in the percentage fee for the work of investigating tax collected by the city and turned over to the State for the school fund. The money was withheld for over a year, and if Bantel can show that he paid the fees to Dam, they will prove a tidy sum to the city.

"I have no hesitation in saying that we fully expect to land behind the bars of the penitentiary every giver of bribes, and that the higher up the ladder the more vigorous will be his pursuit. We do not, however, expect to send every bribe-taker to prison, and every officer shall pay for their testimony—which is worth a great deal more to us as evidence of the guilt of high corporation officials than their own incarceration would be. Every department of the city and county government will be thoroughly examined before the investigation is completed—the police department along with the others. No one will be neglected, no set of officials will be overlooked by the defense."

PROSECUTORS GO ARMED.
PREPARED FOR ANY ATTACK.

(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, March 29.—Since the capture and arrest of Abe Ruef at the Trocadero a month ago, rumors have been rife that an attempt would be made to rescue him by force from Elisor Biggy and his guards, either by force or by a bribe. The latter was being taken to or from court, or from his prison chamber in the St. Francis Hotel.

An officer comment in the bribery-graft investigation was asked today if it is not true that every person identified with the case is going armed, and was questioned about the significance of this. He said: "It is true that every man openly identified with the prosecution of the bribery and grafters is 'going armed' and that some of the more prominent of them are employing bodyguards. Though it may sound sensational, it is those not familiar with the trial situation, it is a fact that for a month we have been keeping a special lookout for an attempted rescue of Ruef, and we shall be happily surprised if these investigations and impending prosecutions end without a 'gun play'."

"Several times when Ruef has been in Judge Dunne's court on one or another of the preliminaries that preceded his trial, a sudden movement toward the prisoner, of men—some of

HEREAFTER THE SUNDAY TIMES WILL BE 10 CENTS.

Beginning March 31, 1937, the price of single copies of The Sunday Times will be advanced to 10 cents each.

No increase will, however, be made in the price to regular monthly or yearly subscribers, who will continue to receive the paper at the rate of 75 cents a month, or \$9 a year, being an average of less than 2 1/2 cents a copy for each issue, daily and Sunday.

Subscribers by the week, including Sunday, will pay 20 cents, as heretofore, or an average of less than 3 cents a copy.

Ten cents will be the price of the Sunday issue at The Times counter; and to newsboys it will be 7 cents a copy.

The exceptional size and great weight of the Sunday issue makes it impossible for the average newsboy to carry more than a few copies at one time, necessitating too frequent trips to and from the publication office so that the increased selling margin to be given him henceforth by the office will be appreciated, because it will be only right to the boy.

The reasons for this advance in price are:

First: The Sunday Times is worth the increased price to be charged henceforth. For quantity, it consists of eight newspaper sheets and the Sunday Magazine of 32 half-size pages, making in all from 132 to 140 pages, large and small, equivalent to five fair-sized books of 400 pages each. It is without exception the largest Sunday newspaper in the United States. For quality, it contains the news of the world by telegraph and mail; the news of the city, the southern counties, the State, the Pacific Slope, and the country at large, besides a volume of other matter of human interest, fresh, timely and pertinent, and of surpassing importance to the business man, the average citizen, the home, and the family—all carefully gathered, skillfully edited and intelligently classified.

Second: Every Sunday issue of The Times has heretofore been produced at a large direct loss to the publishers, taking the expense of the "subscription end" into account, as is just and proper when fixing the selling price. The white paper alone has been costing more, about 7 cents for each copy produced, saying nothing about the cost of buying, gathering and preparing the news, the cost of composition, illustrating, stereotyping, ink and presswork, or other large expenses of publication.

Third: The publishers are confident that an intelligent public, such as that which constitutes the clientele of The Times, will acquiesce in the claim that it is better to raise the price than to lower the standard.

Fourth: The Sunday Magazine alone is confessedly worth 5 cents, or half the price to be charged for the entire Sunday paper.

Purchasers of single copies of the Sunday paper at 10 cents are reminded that they can secure The Times, daily and Sunday, during an entire week—7 issues—for 20 cents, paid in advance, or 75 cents per month, as heretofore.

And, today attorneys for the Lawtons, formally notified Reis that he and his prisoners and the seven armed guards are merely roomers and boarders, and he has received assurance from the District Attorney's office that he may be placed on the premises, but he is not to be allowed to shake hands with Ruef, and they occupy the third floor.

SPRECKELS MAKES STATEMENT.
HE WILL GUARANTEE FUND.

(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, March 29.—Rudolph Spreckels gave out the following statement today to a representative of the Associated Press: "Contributions from citizens to the fund of \$100,000 guaranteed by me before the commencement of the bribery investigation are coming in steadily, though slowly. They are amounts ranging from \$30 to \$1000 and more. I cannot even divulge the names of the contributors, because, in almost every instance, the giver makes the condition that his name be kept a secret. Thus far the total amount subscribed is not half as much as has already been expended by the prosecution, but from this time forward the expenses of investigation and prosecution will materially increase, for the reason that many of the indicted persons will not be placed on trial."

"In the event that the ultimate total of subscriptions falls short of the \$100,000 guaranteed, will you make up the deficit?" Spreckels was asked. He replied: "I certainly will; and if it costs more than \$100,000 to complete this prosecution, that I will make no difference. Those engaged in this enterprise will never be hampered by lack of funds, no matter what the bill may be."

Answering further questions, Spreckels said: "As financial guarantor, and as a citizen, I am thoroughly satisfied with the progress thus far made, and the results thus far attained. I cannot tell how long it will take to finish this house-cleaning, but probably all the remainder of this year will be required. The work of investigating and prosecuting the bribery-graft case will not be suspended until every stratum of rottenness has been fully exposed. Nor will the work of prosecution be dropped until every bribe-giver has been searched out and punished."

"I have no hesitation in saying that we fully expect to land behind the bars of the penitentiary every giver of bribes, and that the higher up the ladder the more vigorous will be his pursuit. We do not, however, expect to send every bribe-taker to prison, and every officer shall pay for their testimony—which is worth a great deal more to us as evidence of the guilt of high corporation officials than their own incarceration would be. LUNACY BOARD GOES IT ALONE.

No Expert Testimony Thaw to Be Taken.

Problem of Prisoner's Condition for Laymen.

Defense Very Sanguine, End Seems Near.

(BY THE ASSOCIATED PRESS—P.M.)
NEW YORK, March 29.—The lunacy commission in lunacy examining the great condition of Harry Thaw may finish its work tomorrow and be ready to report to Justice Fitzgerald by Monday.

The Thaw jury will report in court tomorrow at 10:30 a. m. and it is the hope of the commission as well as of the defense that the matter of the defendant's sanity may be disposed of by then.

If the commission should submit a report to the effect that Thaw understands the nature of the proceedings against him, and has rationally advised with his counsel, Justice Fitzgerald will simply direct that a trial proceed without making up the commission's findings. If the report should be against Thaw, Justice Fitzgerald will announce the decision from the bench, and if he deems it proper, he will raise the question of the public peace and "safety," he will sign an order directing his confinement in some State hospital for the insane, probably Matteawan.

Today being Good Friday, there was no session of the lunacy board, and the Thaw case was not taken up. Prison preparing for a renewal of mental test tomorrow morning at 10 a. m. LUNACY BOARD
GOES IT ALONE.

No Expert Testimony for
Thaw to Be Taken.

Problem of Prisoner's Condi-
tion for Laymen.

Defense Very Sanguine, and
End Seems Near.

THE ASSOCIATED PRESS.—P.M.]
NEW YORK, March 29.—The com-
mission in lunacy examining the pre-
sented condition of Harry K. Thaw
may finish its work tomorrow
and be ready to report to Justice Fitz-
gerald by Monday.

The Thaw jury will report in court
now at 10:30 o'clock Monday
morning, and it is the hope of the pre-
siding judge as well as of the commis-
sion that the matter of the defendant's
safety may be disposed of by that
body.

If the commission should submit a
report to the effect that Thaw fully
understands the nature of the pro-
ceedings against him, and has rati-
onally advised with his counsel, Justice
Fitzgerald will simply direct that the
prisoner's release to his family be
ordered without making public the
commission's findings. If the re-
port should be against Thaw, Justice
Fitzgerald will announce the decision
from the bench, and if he deems the
prisoner's release to be dangerous to
the public peace and safety, he will
sign an order directing his confinement
in some State hospital for the insane.

Today being Good Friday, there was
no session of the lunacy board, and
Thaw spent a quiet day in the Tombs
preparing for a renewal of his
mental test tomorrow morning at 10
o'clock. The session of the commis-
sion at that hour again will be private, and
there will be no public hearings, un-
less the commission decides to call
some other than the defendant.

It was reported today to be ex-
tremely unlikely that any witness
will be examined. It is possible that
several doorkeepers in the Tombs may
be called to give a lay opinion as to
Thaw's conduct since his incarceration.

HELP NOT NEEDED.
The commission yesterday indicated
that it had reached the conclusion
that its members could decide from
their own examination of Thaw the
simple questions placed before them
by Justice Fitzgerald.

It was reported again today that
whether Thaw's own lawyers nor Dis-
trict Attorney David McCune, who
question Thaw or any other witnesses
who may be called upon to testify at
the inquiry, the commission appar-
ently has also decided to keep its re-
cord clear of any expert testimony.

Charles David McCune, who is the
District Attorney on Thursday after-
noon that the question as to whether
Thaw is capable of appreciating the
nature of the court proceedings
against him and of rationally advis-
ing his counsel is a matter subject
wholly to a lay opinion. Any medical
opinion which the commission may de-
termine will come from Dr. Leopold Fu-
ster, one of its members.

The attorneys are so sanguine as
to the outcome of the inquiry by the
commission that they were today making plans for
the resumption of the trial next week.
It seems now that if the trial is taken
up again, the defense probably will
announce that it rests without further
testimony.

Dr. Allan McLane Hamilton, the
expert who examined Thaw last
June and July, was on the stand when
the trial was interrupted. There is lit-
tle likelihood that Dr. Hamilton will
be recalled.

END MAY BE NEAR.
If Thaw is decided to be of sound
mind today, and the trial is resumed,
it should not last more than three or
four days.

The attorneys in their summing-up
addresses will not be allowed to refer
in any way to the lunacy commission,
or its appointment and proceedings
are not a part of the trial record.

Being the trial all the alienists
who had examined Thaw and who
were called to the stand paid a tribute
to the prisoner's remarkable memory.
It was this memory, it was said,
which served him in such good stead
when the commission on Thursday
which led Attorney Hartridge to
make the statement:

"I am in hope," said "that the
commission of the lunacy board will
be reached by Monday and that the
trial before the jury can be resumed
on Tuesday. Should this prove to be
the case, I think the case should go to
the jury late Thursday or Friday mor-
ning."

Lawyer O'Reilly, who also visited
Thaw at the Tombs today, later said
the defendant was in unusually
good spirits.

MAY CALL HAMILTON.
Despite the evident intention so far
to exclude expert testimony from the
lunacy commission hearing, it was
said at a very late hour tonight that
Dr. Allan McLane Hamilton, an alien-
ist, may be called to testify. This re-
sult, however, could not be verified.

It was Dr. Hamilton at the trial who
complained the request by the Dis-
trict Attorney for a lunacy commis-
sion. Originally retained by the de-
fense, Dr. Hamilton examined Thaw
last June and July, and was called
to the stand to testify. He was not
called for the prosecution but was
called by the defense.

Under examination at that time he
stated that Thaw was insane when
he committed the crime in the Tombs
last June and he believed him still in-
sane. Replying to a question by At-
torney Gleason for the defense, Dr.
Hamilton was unable properly to advise
the jury whether a lunacy commis-
sion should be appointed.

GOVERNMENT BEGINS ACTION IN
SAN FRANCISCO.

Charge Made That Railroad Com-
pany Has Repeatedly Broken Cat-
tle-shipping Regulations of Law.
Stock Kept in Cars Fifty-eight
Hours, Says Prosecutor.

THE ASSOCIATED PRESS.—P.M.]
SAN FRANCISCO, March 29.—The
government began today in the United
States District Court twenty-one suits
against the Southern Pacific Company,
alleging that the company has repeat-
edly broken the law regarding the
number of hours cattle being shipped
by rail can be kept without food,
water or rest.

The law requires that at the end of
every twenty-eight hours the cattle
shall be unloaded and given fire hours
rest.

It is charged in the complaints filed
yesterday by Assistant United States
Attorney A. P. Black that sometimes
cattle in transit over Southern Pacific
roads are kept in the cars for fifty-
eight hours.

The suits are brought at the request
of Atty.-Gen. Bonaparte, who was
prompted by reports made to him by
Secretary of Agriculture Wilson. It
is said that the full penalty of \$500
is to be demanded for each offense, and
that the cases are to be prosecuted with
the utmost vigor.

The alleged offenses were committed
while shipping cattle to this city from
Oregon and Nevada last December.

RAILWAYS OFFER MUCH TO KILL
TWO-CENT FARE BILL.

Extension of Lines, Fine Terminal
Facilities and Vast Expenditure
Within State Depends on Defeat
of Obnoxious Measure by Lone Star
State—Eloquent Plea is Made.

(BY DIRECT WIRE TO THE TIMES.)
GALVESTON (Tex.) March 29.—[Ex-
clusive Dispatch.] The railroads of
Texas are now making overtures to
invest their capital heavily if the law-
makers will only defer action on the
two-cent fare bill.

It is believed the measure will be de-
feated, as the railroads promise to
spend \$15,000,000,000 the first year in
extensions and new lines in Texas if
the fare bill is defeated.

The railroads go further and an-
nounce their plans whereby an addi-
tional \$100,000,000 will be expended
within the following five years in new
mileage and extensions of terminals.

In their plea for mercy and com-
promise the railroads review the ex-
penditures of many millions in the de-
velopment of Texas and the Southwest.
They refer to the national and sec-
tional campaign against the railroads,
and the fact that the Texas commis-
sion is forcing the roads to a point of
bankruptcy by reducing freight rates
and increasing the burdens of taxation
in train service far in excess of popu-
lation and traffic.

Some of the extensions mentioned
are the Frisco line from Houston to
the Louisiana State line. The new ter-
minals of the Yokum line and Santa
Fe at Houston, Sunset and Rock Island
and new lines to Arkansas Pass, Santa
Fe's new line from Brownwood to New
Mexico border, and an immense dock
and terminals for the Rock Island and
Frisco lines at Galveston.

EASTERN TOURISTS WELCOME

You will be made to feel at home in our bank. Eastern bank drafts cashed with pleasure. NO TROUBLE TO ANSWER QUESTIONS. Our President has lived in Southern California twenty-four years, during which time he has gained considerable experience and will gladly give Eastern tourists the benefit of same. **DON'T THINK THAT YOU WILL BE TREATED COLDLY IN THIS LAND OF SUNSHINE.** We realize that Southern California has been built up by the money and energy of Eastern tourists, who have been so well treated and expressed that they have decided on Los Angeles as their permanent abode.

Checks on Other Banks and Contractors' Pay

124 South Broadway
(Ground Floor, Chamber of Commerce Building.)

FAR-REACHING PROBE INTO GROCERY TRUST.

Federal Grand Jury Investigating the Methods Employed Here.

Secretaries of Wholesale and Retail Associations Be- fore Inquisitors for Opening of War Yesterday. Trade Restrained and Competition Made Impossible by Dictation of Prices, Is the Charge.

THE Federal grand jury began an investigation yesterday into an
alleged food trust as operating in Los Angeles.

A. M. Rawson, C. M. Carr and J. F. Paulding, officials of
grocers' associations, were haled before the inquisitors.

Larger local merchants are reported to have revolted at the
methods of the wholesale grocers' combination, and to have furnished
United States District Attorney Lawler with data for the probing.

Merchants claim it is impossible to purchase certain food stuffs
unless they enter into a contract to sell for a certain price, putting
competition out of the question.

The investigation is expected to be extended to include every man-
ufacturer of whatever line who sells his wares in California and de-
mands that a certain price be received for them.

Prominent city merchants are understood to have been subpoenaed
to testify during the next few days.

The Southern California Wholesale Grocers' Association is said to
be one of the first concerns to be put on the gridiron; other concerns
are to follow.

Arthur Letts, the one independent dealer who may
be subpoenaed as the star witness
against the State food "trust."

Inquiry which will reach into every
wholesale grocery firm belonging to
the organization and from there will
take a new tack and stretch to manu-
facturers located outside of the State,
but doing business in California.

WHY THEY "KICK."
It is claimed that the grocers' trust
in California has not only attempted
but actually has compelled small gro-
cery concerns to sell their goods at stip-
ulated prices, and that a violation of
this price list would make it impossi-
ble for the small concern to purchase goods
at all.

It was reported yesterday that sev-
eral of the larger local grocery and
department-store merchants are pre-
pared to furnish the United States Dis-
trict Attorney with data which will
prove conclusively that there has been
a combination in restraint of trade, and
that many of the larger grocers have
been actively engaged in carrying out
the campaign of the big interstate man-
ufacturers in forcing retail merchants
to sell their products at a certain
price. This data will take the form
of contracts forced upon retail mer-
chants by the large manufacturers, and
superintendents, W. H. Dean, secretary
of the Pittman and E. Julian Solomon.
Some 300,000 shares are said to have
been sold in this city in small blocks.

While this is being done, Mr. Letts
made a deal with others, and the
Pope-Hartford Company was formed
back in Pittsburgh. It took
over the properties from Rivers, know-
ing nothing, it seems, of the existence
of its rival, until one day James Mur-
tha, one of the stockholders, chanced
to see the advertisement of the Pope-
Hartford in the Times. He at once be-
gan an investigation and learned that
Mr. Rivers, who immediately called upon
Todd for an explanation.

At this time prospectuses of the
Todd company were out in which own-
ership of the entire group of twenty-
nine claims was asserted. Mr. Mur-
tha is now at the Hollenbeck and has
one of these in his possession. The
same was also in advertising in lo-
cal papers during February of this
year, inserted by the fiscal agent, one
Charles M. Frye, whose office is in the
Mason building. These claims were in
the form of an insert at the beginning
of the prospectus. Other editions have
no such insert. These latter, it is said,
are later issues, and in the main part
of the booklet it is stated that the
company is a partnership of the
Pope-Hartford and Phantasmagoria
claims, and the other twenty-seven
claims are said to be held under a bond.

Yesterday Mr. Todd made and signed
an affidavit in which he says that
while he holds a deed executed by
Ottarson to the Prosper and Phantasma-
gonia claims he is now convinced
after a conference with Messrs. Rivers
and Murtha that Ottarson has no title
to the same or to any of the Schell
group, and he renounces his claims.
The affidavit is in the possession of
Mr. Letts. It is stated that the
company is a partnership of the
Pope-Hartford and Phantasmagoria
claims, and the other twenty-seven
claims are said to be held under a bond.

When seen last night Mr. Murtha
said: "The only connection Mr. Ottarson
ever had with this property was as an
agent for Mr. Rivers. He made a lo-
cation of the Prosper on behalf of Mr.
Rivers and has a later notice made out
for one Theurer on the strength of
which he seems to base the title which
he sought to convey to Todd by a deed
which Todd has. The consideration
named is \$10. Mr. Rivers, however,
had done his assessment work and
held the property by deed. As to
the other properties, he never had
any title whatever to them, and no
large direct deal was made. He tried
to get one and was distinctly refused."

Mr. Murtha was the paper appoint-
ment of Ottarson agent for the sale of
the claims on a commission basis, and
a subsequent paper signed by the latter
under date of February 15, 1907--after
the Todd company had been formed
and stock sold--in which he distinctly

With startling suddenness the Fed-
eral Grand Jury yesterday turned its
searchlight of investigation upon the
Southern California Wholesale Grocers'
Association. They are accused of violat-
ing the Federal trust laws.

Without a ripple upon the calm sur-
face of judicial procedure, the prin-
ciples of the local grocers' organiza-
tions were haled before Uncle Sam's
inquisitors and commanded to tell what
they know about combinations in re-
straint of trade, and why it is neces-
sary for any independent merchant to
sell a pound of butter at a certain price,
which is fixed and ordered by the
seller.

Like a thunderbolt out of the clear
sky came the information that A. M.
Rawson, former secretary of the
Southern California Wholesale Grocers'
Association; C. M. Carr, the present
secretary, and J. F. Paulding, secretary
of the Retail Grocers' Association, had
been commanded to appear before the
grand jury and disclose whatever in-
formation they had along this line.

It is needless to say the three gen-
tlemen appeared. They were at the
Tajo building bright and early, and
waited patiently until the members of
the grand jury, tried and true, com-
pleted their coffee and rolls and were
ready to receive information appertain-
ing to the cost of foods. For he it
known that food products, and the
real articles themselves, are higher in
Los Angeles and vicinity than the
grand jury thinks necessary.

BUOYANT PAULDING.
All day the three gentlemen men-
tioned were before the grand jury and
told what they knew or what they had
not forgotten concerning agreements
entered into between the wholesale
dealers and the retail grocers.

One of the star witnesses is said to
have been Mr. Carr. He is the present
secretary, and naturally supposed to
have in his possession all the secrets
which will show that the organization
is guilty of violating the anti-trust law
in reference to restraint of trade.

Another interesting witness, or one
expected to be so, was J. F. Paulding,
secretary of the Retail Grocers' Asso-
ciation. It was noticeable that Mr.
Paulding entered the jury room with
a confident air. The reason for his
buoyancy did not leak out until it was
known that two years ago the retail
grocers abandoned their so-called
agreements, etc., in regard to business.

Thus Paulding carried a light heart.
There is nothing that he could tell that
would be of value to the grand jury,
and he knew it.

Paulding was in the room about
twenty minutes, and then came Carr.
The latter was expected to have "the

bean in his pocket," and, as a result, it
was over an hour and a half before he
emerged from the secret chamber.

MR. CARR PERSPIRES.
Oscar Lawler, United States District
Attorney, and the grand jury alone
know what Mr. Carr said. Suffice it
to say that when he emerged he was
perspiring freely. After this came Mr.
Rawson, who was, it is supposed, also
put through a lengthy period of ques-
tioning, as he was a long time back
of the locked doors.

The session lasted through the day,
and it was 6 o'clock before it was
ended.

Angelenos see in this first day's work
the beginning of an investigation which
will force the hand of the local grocers'
trust, which has had absolutely no

GIVES UP ALL ITS CLAIMS.

Mining Concern Now With- out Mining Property.

Stock Sold on the Holdings of Another Concern.

Surrender Made in Order to Avoid Litigation.

A queer mix-up in the affairs of the
Todd Copper Company, a \$5,000,000 cor-
poration, organized in this city by U.
S. G. Todd, a well-known mining pro-
moter, has come to light and is re-
ceiving the attention of the postal au-
thorities. Briefly stated, it is a case of
two companies claiming to own the
same property, one being a close corpo-
ration of wealthy Pittsburgh people
and the other a stock company float-
ing its shares at the rate of \$1 and \$2
a thousand in the market. The matter
was settled yesterday so far as the
ownership question was concerned, and
the stock company lost completely.

The properties in question are the
Schell group on Tonto River in Gila
county, Arizona, near the Roosevelt
dam. They were located years ago by
a Mr. Schell, an old-timer in that re-
gion and an uncle of E. B. Rivers of
the Keystone Produce Company of this
city. Mr. Rivers became the owner of
these claims, twenty-nine in number,
and employed E. F. J. Ottarson, a sur-
veyor, to make a survey and consti-
tuted him exclusive agent for a sale.

This appointment as sales agent was
made in February, 1906, according to a
paper which was shown The Times re-
porter last night.

Ottarson proceeded to enter into ne-
gotiations with Todd, and the Todd
Copper Company was organized and
floated. The officers and directors are
given in the prospectus are U. S. G.
Todd, president and general manager;
E. F. J. Ottarson, vice-president, and
superintendent; W. H. Dean, secretary;
Dr. H. Pittman and E. Julian Solomon.
Some 300,000 shares are said to have

Board of Education met yesterday to
consider bids received for the

imitable despite of all false boasts "as good as Mennen's."

Mennen's Toilet Powder made its fame by its superiority. It holds its fame by this same inimitable quality. There is nothing like Mennen's. There could not be, because no one else knows the secret of the Mennen powder and the secret of its success.

PROF. GEO. A. TOWNSEND, 155 N. 10th St., Phila., Pa.

The plot is 15x17½ feet, equal to three lots, in a fine location, and was recently advertised.

"imitation" has been more than a *surface* fraud. Under the provisions of the new pure food and drugs law every box of Menom's bears the serial number designated by the government, a guarantee of purity and of protection to every purchaser and user of Menom's Toilet Powder.

To give absolute protection to all users of Menom's, the government has placed the following notice on the wrapper of each box:

Successful Speculators would go into the market like a man to make a good sale of the property, but being compelled to sell to the highest bidder, they must sit down and wait.

The city also owns another site

Facsimile of Box.

WOMEN'S CLUBS.

For Scholarship Fund.

Mrs. O. S. Barnum has been appointed state chairman of education in the California Federation of Women's Clubs. Mrs. Barnum, the state president, placed out a shining light in the educational and philanthropic world when she selected this well-known Los Angeles woman.

Mrs. Barnum spoke yesterday before the Friday Morning Club on a subject that has been close to her heart, some time—the scholarship fund of the Los Angeles district C.F.W.C. This fund is to help make a finer citizenship possible by creating scholarships for the children who are pushed into premature bread winning.

Mrs. Barnum's talk presented a forceful picture of the general and local needs for such a fund, and her words were cordially received by the hundreds of women in the club. At the close of the morning's programme two scholarships were made up by individual members and a third was nearly supplied, the women arranging to pay a dollar a month apiece toward maintenance of the scholarships. Mrs. Barnum appealed to her hearers in saying that the scholarships were to be placed on an educational, and not a charitable basis; that the utmost secrecy would be maintained as to individual cases and their needs, and that the bestowment was to be made as great an honor to a child as a university scholarship is to an older person.

The funds of the Los Angeles district for this purpose are placed in the hands of the Board of Education, and each child enjoying the benefit of a scholarship receives each week the equivalent of his wages upon presentation of a certificate from the principal of his school attesting to attendance and general standing. The beneficiaries of the fund are selected with the assistance of the chief probation officer. He issues the permits to children under age to work when absolute necessity demands, and the women in charge of the fund investigate these cases, and award the scholarships where they are most needed.

Business Women's Picnic.

The Indian Crafts Exhibition Village will be thrown open to the Business Women's Club on Sunday, when members and their friends will hold an open air meeting and enjoy a picnic lunch. After luncheon Antonio Apache will escort the party through the village, affording opportunity to see the Indian workings.

Next Tuesday evening the club will have a meeting in room 13, Collins building, when officers will be elected for the coming year. Amendments to by-laws will also be submitted for discussion and action.

Ebbell Departments.

The department of music of the Ebbell Club listened to an interesting lecture by Mrs. Edwin Voigt this week on the Sinding symphony in D minor. Mrs. Voigt gave a biographical sketch of the great Norwegian composer and a history of the wind instruments. The symphony was played on the piano.

The department of books and conversation, of which Mrs. Sumner P. Hunt is curator, held its regular meeting this week. The all-embracing theme of "Life and Death" was chosen for the discussion. The books to illustrate the philosophy of the topic were "Joseph Vance" by De Morgan,

reviewed by Mrs. J. A. Clark, and Benson's "Life and Death," reviewed by Mrs. M. E. Bainbridge. At the close of the meeting luncheon was served under the direction of Mrs. T. T. Knight and Mrs. Nicholas Rice of the Hospitality Committee. The department of Shakespeare, under the direction of Mrs. Edward North, has been studying "The Psychology of a Soul's Descent," the evil thought, evil action and the inevitable result in the tragedy of Macbeth.

BRENTWOOD PARK

Fashionable Homesites
For People of Taste

A Truthful Statement of Fact

When we say that Brentwood was chosen, carefully designed and skillfully executed with the idea of surpassing in magnificent effect every other residential proposition in Western America, we are willing to prove every detail of the statement and show you just HOW the spirit of the location has been carried out.

Brentwood, by its nature and because of the great expense of developing to the utmost its wonderful scenic charms, is perhaps above the reach of the man of very moderate means. Yet large lots are at your command as low as \$1500. Every lot has its individuality—no small, rectangular, monotonous sites.

Large Lots Averaging 30,000 Ft. Each

In location, Brentwood can not be equaled by the most favored spot on the Pacific Coast. It commands a broad sweep of ocean, reaching from above Santa Monica to Santa Catalina, taking in all the beaches intervening; Los Angeles is visible beyond a picturesque expanse of garden valley; behind rise the foothills, gently sloping to the stately, snow-capped Sierras; the charming Santa Monica canyon with its majestic oaks and aged sycamores flanks the Park.

Brentwood enjoys all the advantages of the beach resorts without the fogs and chill winds. In a frostless belt—elevated, unique.

The Beautiful "Redondo Villa Tract B" The Beautiful

Only \$90 Per Lot \$4 Down, \$4 Per Month No Interest, No Taxes

FREE ROUND T.R.P. TICKETS from Los Angeles to Redondo and Return, On cars going every 20 minutes, every day, are given away at our office absolutely free upon application. Also Free Automobile Ride at Redondo.

Large level lots, 50x150 feet. Rich Soil, Pure Water, Fine Climate. All lots, including corners, one price—\$90 per lot—no more, no less. You know what you have to pay—\$90 per lot—no higher. At Redondo over \$2,000,000 has already been expended in grand and substantial improvements. The beautiful "Redondo Villa Tract B" is on the Camino Real (King's Highway) boulevard connecting Redondo with Los Angeles. We have just bought this beautiful tract for \$181,000, and believing in the growth of the tract, we are offering it to you at a profit of 25 per cent. within one year, as per our written agreement.

MR. H. E. HUNTINGTON IS EXPENDING OVER A MILLION DOLLARS AROUND REDONDO IN SUBSTANTIAL IMPROVEMENTS. Go down to Redondo and see for yourself. At Jefferson street and Grand avenue see the immense stacks of heavy steel rails for the double-tracking of the present two electric lines of the Los Angeles and Redondo Railway Company. The rails are arriving daily. Dirt is now flying. Better buy now. Then there's the Los Angeles-Pacific Railway Co.'s electric line to Redondo, the broad-gauging of which will soon occur. And in addition to the above three electric lines now running to Redondo is the great Santa Fe steam railroad. With four lines of transportation it would seem as if same would be sufficient, but surveys are in the field laying out the shortest line of all to connect Los Angeles with its choicest seashore suburb—Redondo.

Huntington is now building at Redondo the largest power house on the Pacific Coast, to cost \$1,150,000, as fast as men and money can do it. Go down and look at the mammoth cement smokestacks of Mr. W. M. Garland at Redondo is just finished. Follow successful men like Mr. Huntington and Mr. Garland—they know that Redondo is a substantial and a safe place to invest in. Buy anywhere around Redondo and you are sure to make large profits. Three commercial wharves. A safe harbor by twenty years' practical test. Redondo is permanent and has just begun to grow. Then, referring to successful men, we notice that the following men have bought to the north of Redondo:

Mr. Edwin Chambers, the far-sighted General Freight Agent of the Santa Fe; Mr. George H. Peck, the successful banker of San Pedro; Mr. John J. Byrne, the capable General Passenger Agent of the Santa Fe, and Dan Murphy, the millionaire operator of Los Angeles. A word to the wise is sufficient! BUY

Remember that your purchase is made with the distinct understanding that we will refund all money paid us, with 6 per cent. interest added, if after visiting the "Redondo Villa Tract B" it is found that we have misrepresented our proposition in the slightest particular.

25 Per Cent. Guaranteed Increase

For \$4 down and \$4 per month until paid for we sell you a "Redondo Villa Tract B" lot for \$90, subject to the following guarantee from us: If at the expiration of one year from purchase this \$90 lot is not worth \$112.50—or 25 per cent. increase—based on the price at which our corps of salesmen will then be selling similar lots, we will refund all of the money you have paid us, with 6 per cent. interest additional. If you should die at any time before payments have been completed, we will give to your heirs a deed of the lot without further cost. If you should lose employment or be sick you will not forfeit the land, but as each written certificate of sickness or non-employment is received monthly your time for payment will be extended another month.

Our Restrictions

No saloons, no shanties, no factories. Purchasers are not compelled to build, but if they do then they must erect attractive looking houses, there being no "dollar limit." We leave it to each purchaser to build a pretty looking house, which must be neatly painted, as we know that for a moderate sum one can now build a very pretty bungalow. Lumber is cheap at Redondo, as there are three commercial wharves at Redondo, at which lumber schooners are daily discharging their cargoes.

If Russell Sage, the multi-millionaire of New York told you that you could make a fortune in suburban real estate (especially when it costs you only \$4 down and \$4 per month) wouldn't you be impressed? Well, listen! That's just what Mr. Sage did say in the New York World of September 28, 1902: "Young man, buy real estate, especially acre property, in the outlying boroughs, and then work hard at your usual avocation. Your real estate purchases will make your old age comfortable."—Russell Sage.

CITY'S INTERESTS SAFEGUARDED.

PRINCIPAL WATER NEED PARAGRAPHS, SAYS ROOSEVELT.

Grant of privilege to Mosco Power Company coupled with conditions that protect city's supply and in rights in Long Valley Reservoir.

Granting the Mosco Power Company application for right of way over government land below the city's valley dam, on Owens River, which the city entered protest, Woodruff, chief of the forest service, of the Department of Agriculture, to the engineers of the Los Angeles Aqueduct.

President Woodruff, Mr. Walcott, Principal to hold hearings, look at the question carefully, and report. They have done so, taking into consideration the matter therein. Both of them are heartily in favor of the President in believing that the use of water by a municipal purpose is not use of the water. Both of them are desiring to insure an ample supply of pure water, not only for the city, but for the possibilities of the future.

Granting of their sympathy with the city's desire to see it favored as the equitable use of water would be, they were obliged by the facts to the President a recommendation to the Secretary of the Interior that the company's application should be approved, with the proviso that the company must stipulate that, if the city desires to purchase the water, the company's water, its success or assigns, binds itself not to claim to its flow at any time more than 150 second feet of water, and the city, while on the subject, should be granted a right to hear further protest from the city.

Granting of the director and the forester, who are the city's representatives, that if their recommendation is carried out, the city will never be in any danger, while, on the other hand, the company will be given the right to immediately begin construction of the project, and in the belief that it is no wise to injure the city's interests.

REAL ESTATE RECORD.

WILL BUILD ON WEST SEVENTH.

PROPERTY WEST OF BULLOCK'S TO BE IMPROVED.

Valuable Land, Occupied by Non-descript Buildings Will Be Cleared for Seven-story Structures—Details of Big Lease Sale—Other Live Realty News.

negotiations have been completed the demolition of the old buildings on West Seventh street just west of the intersection of Bulluck's street, and the land will be made ready for a magnificent story fireproof business block to be built on the property. The land is owned by Gebhard Ebbell, an associate of W. G. Kerckhoff, who has given notice to the tenants of the old structures on the land, notifying them that all must be out within 10 days. He has signed contracts with the city to build a new building on a date not later than June 15. No trouble is anticipated from the tenants, all but one agreed to vacate at once.

The matter was brought about through the efforts of H. F. Vollmer, who has rented the northeast corner of the intersection of Bulluck's street and West Seventh street, and who occupies a two-story brick building which the owner, Dwight Hart, began work upon.

Profit from Sale of Lease. The city's interest in the sale of the lease on the quarters now occupied by the old structures on South Seventh street, have come to light, and the rumors that the owners of the property, Billeke and Holmbeck, had sold the lease for \$10,000, have been proven true. The lease, which ran for seven years, from 1922 to 1929, was sold for \$10,000, a long time ago, the lease having a long life of five and one-half years. His original rental was \$100 a month, but he had increased during the last two years, which brought it up to about \$200 a month in the year 1928. He sold to the department store at the rate of \$2100 a month for remainder of his term.

Effort to Oust the "Examiner." Rumor has been heard to the effect that the enterprising dry-goods store, trying to obtain a lease on the premises occupied by the "Examiner," was being ousted by the management of the quarters occupied on South Broadway, and also, and said to be the way by the management of the quarters occupied on South Broadway, looking toward the renting of the southwest corner of Seventh and Broadway streets, now occupied by the "Examiner," which is in process of being demolished.

Figueras Street Apartments. Nelson, Bryon & Dognell report, the six-story building on the east corner of the San Gabriel Country Club, between San Gabriel and Figueroa streets, is being sold by the owner, George H. Peck, to Susan H. Peck, and Ben Roan, to Susan H. Peck. The price is said to be \$100,000. The lot is 50x150 feet.

Tract in San Gabriel. Charles L. Hubbard & Co. report the sale of the past week of 206 acres, east of the San Gabriel Country Club, for Joseph Burkhardt to a syndicate of Los Angeles investors for a consideration of \$75,000. The land is but a short distance from the extension of the San Gabriel River, and is now being surveyed by the Little home ranches of from one to 100 acres and was known as "The View Acres." As soon as possible the tract will be laid and the survey completed. Owing to the fact that the tract is being sold by the syndicate, the "White" and "Black" tracts are now being considered, agents are now being contacted, agents for the tract have been especially active.

Corner for Home Site. Smith & Dieter report the sale of the southeast corner of Ingraham and Broadway streets, the seller being Carl Laus, to the buyers Mary L. and V. J. Laus. The property consists of sixty acres, bounded by 150 feet on Bliz.

RELIGIOUS. EASTER DAY IN SANCTUARY.

Supply Shorter Than
in Many Years.

Services in All the
City Churches.

West Adams Methodists Will
Have Dedication.

Flowers go in California, there
is a great shortage of them in the
country districts tomorrow. The rains
have been too profuse and the nights
too cold to promote the usual early
development of the buds, and while
there will be many flowers, there will
be no Easter lilies and a short
supply of inferior callas. Heretofore
these have been used by the tens
of thousands in church decorations, but
this year they will go by hundreds.
However, the person who finds himself
in the city tomorrow, for the first time
in history, will wonder where all the
flowers come from. Many of the
churches will make the usual elaborate
display, but palms, ferns and pot-
plants will be more in evidence.

West Adams Presbyterian Church will
have special services both morning and
evening, when to the quartette choir
will be added a large chorus. N. Blin-
dell, violinist, and Louis Atty, cellis-
t, Dr. H. K. Walker will preach
in the morning, and will deliver a brief
sermon in the evening, the principal
part of the service being a sacred con-
fession.

A special musical programme will be
given at the First English Lutheran
church in the morning, when there will
be a reception of members by the pas-
tor, Rev. Herbert J. Weaver, and a
celebration of the Holy Communion. In
evening the Sunday-school will ren-
der a song service entitled: "Out of the
Garden."

At St. Paul's Pro-Cathedral the Holy
Communion will be celebrated at 7:30
and 10:30 o'clock a.m. At the latter
service Dean Wilkins will preach on
"Eternity." The music will be by
a choir of voices, under the direction
of Ernest Douglas. A Sunday-school
service will be held in the
evening.

Dr. Robert McIntyre will preach at the
First Methodist Church in the
morning, and in the evening there will
be a missionary concert.
At the First Congregational Church
there will be a large augmented choir
in the morning and a sermon by Dr.
William Horace Day. Twilight com-
munion will be celebrated at 5 o'clock
in the evening, when between fifty and
sixty persons will be received into
membership. There will be no evening
service.

The Sunday-school will occupy re-
served seats at the morning service in
St. James Methodist Church, when
Dr. Robert A. Fisher will preach on
"The Easter Story." There will be
baptism, reception of members and
celebration of communion.

"The Christ of the Easter Morn-
ing" will be the topic of Rev. W. C.
Burdette at the Boyle Heights Methodist
Church, at the morning service. In
the evening the Sunday-school will
hold a missionary service.

Every church in the city, protestant
and Catholic, wherever it is at all
possible, will have special music and
special decorations, to mark the joy-
ous season of the Risen Christ.

EASTER DEDICATION.

WEST ADAMS METHODIST.
The new West Adams Methodist
Church will be dedicated tomorrow
morning at 9 o'clock at the corner of
West Adams street and LeSalle ave-
nue. Dr. Eli McClish, the pastor, will
have the assistance of the official
Minister of the city, and the sermon
will be preached by Dr. Robert Mc-
Intyre of the First Methodist Church.
The music will be a notable feature of
the church being assisted by Miss
Charlotte Pinkham, soprano; Mrs.
Gordon Girard, contralto; Prof. A. Mil-
ler, tenor; Philip Goodwin, violinist;
H. C. Couch, flutist, and Mrs. Couch,
pianist. A meeting of the men of the
church will be held in the afternoon
at 7:30, to complete
the dedication.

West Adams Church is the out-
growth of a Sunday-school started by
Rev. F. H. Bodkin in 1903, in his resi-
dence, close by the church. In Jan-
uary, 1904, the church was organized,
and services commenced in a portable
church a few days later. The church
is dedicated tomorrow, but the
Sunday-school room of the entire
mission, and was built at a
cost of \$7,000.

TEMPLES' SERVICE.

geles Commandry, assisted by some of
the visitors, Rev. Robert J. Burdette
will preach the Easter sermon.

music has been prepared for the occa-
sion: Solo, Mrs. Beattie Iverson; Har-
monies, organ solo, Bruce Gordon

and their ladies will take lunch at the
Masonic Temple. The general public
is invited to the service in the Aud-
itorium.

NO BUSINESS IN STUDY.

BURDETTE WON'T HAVE IT.
At the prayer meeting last Wednes-
day night twenty members were re-
ceived into Temple Baptist Church,
eleven of whom were candidates for
baptism. Of these, six were members
of one family, the mother, daughters
and three sons, and a young lady who
is a member of the household.

Harry Baskerville has been elected
financial secretary of the church, with
his offices at No. 112 Auditorium build-
ing. The board room of the temple,
adjoining Berean Hall, on the second
floor, is open every day, and the pas-
tor's assistant, Rev. W. C. Clatworthy,
will be present to receive callers from
7 till 10:30 every morning, and from
7 to 9 Monday and Friday evenings.

The pastor's study is open every
Wednesday afternoon, but only to per-
sons who come on matters concerning
the religious life. Dr. Burdette says
no business of any secular character
will be discussed there, as the study
is not a business office.

The elementary department of the
Bible School, under the superintendence
of Mrs. Charles A. Baskerville, has
outgrown its quarters in "Children's
Hall," and Choral Hall will probably
be used by the Bible School to accom-
modate the growing classes.

LOS ANGELES TESTIMONY.

W. V. Newman of Los Angeles, wagon-
maker by trade, and living at 906 1/2 E.
9th St., says: "Some three years ago I
strained my back and ever since then
my back and kidneys have given me
trouble. Whenever I took the least cold
it invariably settled in my kidneys,
causing too frequent action and mak-
ing me get up at night, breaking my rest
so that I arose as tired in the morning
as I was the night before. Lifting or
stooping hurt me and when I straight-
ened up severe twinges caught me across
the loins. Reading about the value of
Doan's Kidney Pills in such cases in-
duced me to get a box of them at a
drug store. They helped me from the
first and a continuation of their use
cured me. Since then I have not had
an ache or a pain."

BUSINESS to the amount of \$25,965 was transacted on the Los Angeles Stock Exchange during the early call yesterday morning. This was one of the most active days experi-

Associated Oil exhibited considerable strength, selling easily at 40, while a "buy and sell" deal put a trade on the sheet at 40.50. The close was at 40.

There have always been on the favorites list, and now seem to present the most serious threat to the ruling order.

Union Oil was a leader, although the behavior of this gilt-edged security was strange, the quotations weakening down to \$11.75 bid, none offered at the time of the \$12.50 fifty shares. The opening sale was made at \$12.50 and the trading price dropped steadily to \$11.75. Central was not traded in, but closed with a cash bid at 113 and another offering.

Slight interest was manifest for the miscellaneous stocks. The Homestead was the only one traded, and the bid by stockholders, were almost quiescent. Common was offered at 27 and bid for 26. The preferred appeared quiescent at 60 and 65.50. The above cut was made to trade in either. All seem to

at the close. Napparent reason can be found for the slump in the market. The market was not in a hurry to wait for the decision of the grand jury. Whittier Home was offered at \$5.25 points down as compared with Thursday's closing of \$5.25 for it. The remainder of the list shows no changes.

Trading was carried on among the bank stocks. Bidding for the securities was sluggish. Changes were made in the stock of the mining stocks remain at Thursday's levels, without trading.

Trading closed with Thursday's call on the mining stocks on the local stock

[illegible]

Western Union was handled to the extent of one board lot of ten shares at 305. The stock closed with a bid remark that R. D. Robinson, the promoter, had not scattered his orders very well.
